NAWA Summer Courses

Welcome to Poland!

We invite you to a country with an extraordinary tradition of freedom, tolerance and democracy - a country that created the first constitution in Europe and a union with Lithuania which is a model of integration with equal rights; a country with the DNA of peaceful cooperation, and at the same time a country which, thanks to its sovereignty regained in 1989, has become a place of dynamic economic and scientific development and a leader in the region of Central and Eastern Europe.

Summer courses of Polish language, history and culture provide a unique opportunity not only to learn the language, but also to visit the greatest tourist attractions, meet Poles and integrate with course participants from dozens of countries around the world who share the same passion for learning about Poland and the Polish language.

It is already known which universities and for which courses have received funding from the Agency:

Adam Mickiewicz University Poznań, received funding for a stationary Polish language and culture course for students and scientists, which is to be held from August 1 to 21, 2022. More info: [Summer Course NAWA 2022 - Studium Języka i Kultury Polskiej dla Cudzoziemców UAM \(amu.edu.pl\)](#)

University of Lodz has received funding for an online Polish language and culture course for students and scientists, which is to be held from August 8 to 28, 2022. More info: https://www.sjpd.uni.lodz.pl/studium-języka-polskiego-dla-cudzoziemcow-ul/szczegoly-sjpd-aktualnosci?tx_news_pi1%5Baction%5D=detail&tx_news_pi1%5Bcontroller%5D=News&tx_news_pi1%5Bnews%5D=25826&cHash=72c62d03b0f47623a163a8638ccdc51f

University of Silesia in Katowice has received funding for the following courses:

Participants' Opinions
Participants' Achievements

Summer courses of Polish language and culture

□ What they consist of:

- Min. 15 class hours a week of language learning
- Min. 10 class hours a week of lectures, workshops, integration events, projects
- Min. once a week trip outside town and once a week in town trip
- Didactic materials for everyone
- Additionally Meals and accommodation if on-site course.
- Additionally practical in-class workshops for the teachers.

□ Who is eligible:

- People who does not live nor study in Poland
- Students of foreign universities
- Academic teachers - scientists
- Teachers of Polish language working at foreign universities

Summer courses of Polish language and culture

□ What is required:

- Engagment and high level of participation (**frekwencja**)
- Active aproach
- Health insurance and travel costs to and from Poland (refers to on-site course) – apart from that everything is free,
- **Filling in the questionnaire at the end of the course.**

□ How to become a participant:

- Being appointed for the guaranted places
- Being a beneficiary of other NAWA programs
- Applying in a free call
- We try to accept all the teachers

Summer courses of Polish language and culture

□ How to apply in a free call:

- Keep checking our website to see what courses are available (we work hard to have that information as early as possible, but it will be a success if we make it earlier than April)
- One person may apply to more than one course, but may participate only in one
- Should make up his/her mind as soon as possible and inform all the other courses about the resignation to give the organizers the chance to invite people from the waiting list,

□ Future plans of development of the program (depending on a budget):

- Online course during winter break
- Extensive longer online courses
- Courses dedicated to certain groups – e.g. reporters, historians, people interested in certifying exam.

Enhancing the potential of Polish science and higher education through international exchange and cooperation

Reinforcing
the scientific excellence

Internationalizing
higher education and science

Promoting the Polish language
and culture

Promoting studies and research
opportunities in Poland

POLAND
YOUR DESTINATION FOR STUDIES

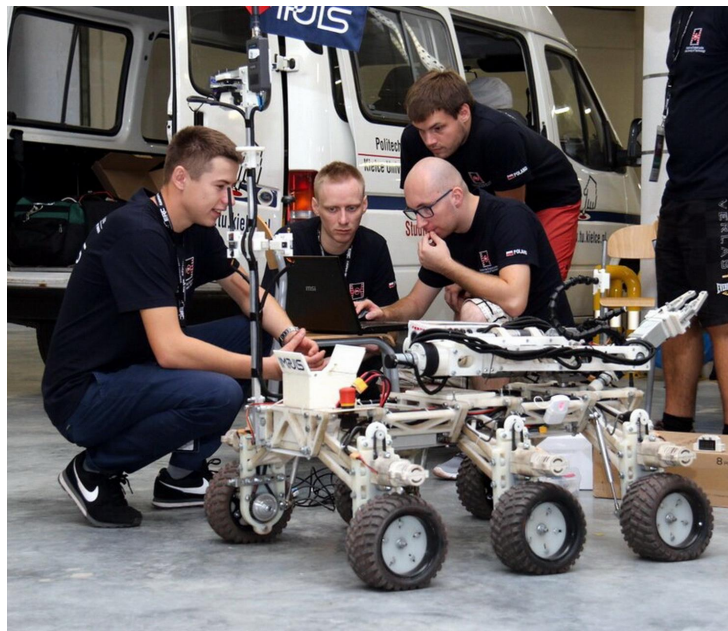

Made by students in Poland

Do you think that students cannot invent?

Not in Poland!

Here are only some of the projects and achievements from students in Poland:

- special communication system for multiple drones flying in the same location,
- virtual music composing app,
- robotic hand to help cure fear of creepy-crawlies,
- Mars rover prototype.

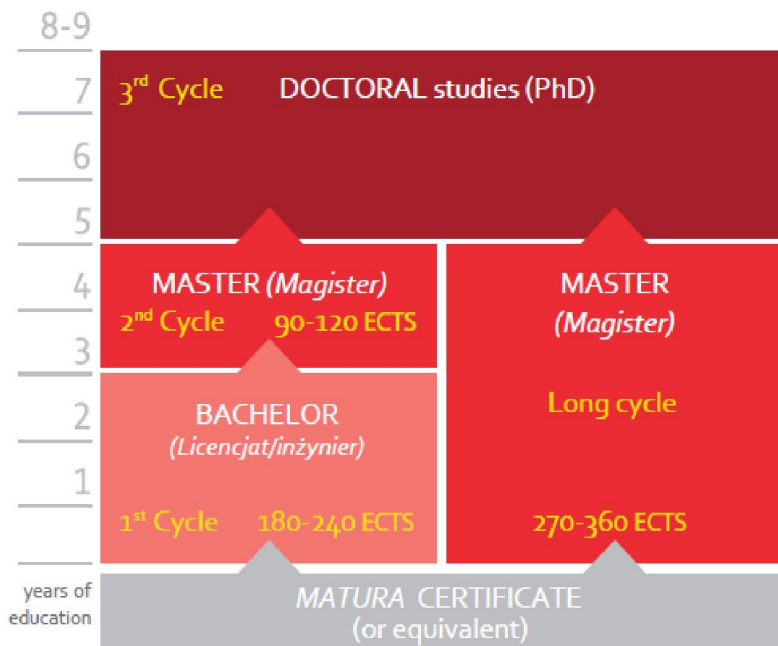

Ready, Study, Go! Poland
